

# Front Page Front

A sudden puff of wind ruffles the pages of a newspaper. The creative inspiration takes wing thus for the new magazine rack designed by the Swedish team, Front, for Kartell. The Front Page design captures the ruffling pages and breathes life into an object of lightness and elegance with its sinuous lines fanning into a curved semicircle of shelves. Front Page is a very special interior design item, something little transformed into something irresistible. Its colours take their inspiration from the most iconic magazines and newspapers such as the red of Time magazine or the yellow of National Geographic.
